**2.** Sew M strips to the top and bottom to complete the runner top.

**3.** Layer, baste, quilt as desired and bind referring to Quilting Basics.

## Here's a Tip

*When using a light background fabric, consider trimming the "tree" fabric seams to slightly less than ¼" and background fabric seams to slightly more than a ¼"—this will ensure the background fabric "covers" the tree fabric and prevents the darker fabric from showing through.*

Use Template A (and the guidelines on Templates C and E) to size and locate your embroidered stars on the quilted table runner. Embroider the outline of the star using a simple stem stitch, backstitch or split stitch. The photographed quilt was quilted with a straight line design. ●

## COMPLETING THE QUILT

**1.** Referring to the Assembly Diagram, arrange the blocks, sashing units and O squares as shown. Sew blocks, sashing and squares together in rows; join the rows to complete the quilt center.

**2.** Add border strips to the quilt center in alphabetical order.

**3.** Layer, baste, quilt as desired and bind referring to Quilting Basics. The photographed quilt was quilted using the West Wind Winter pantograph by My Creative Stitches. ●
