

5. Stitch T rectangles together along short ends in two sets of 11 to make two pieced side borders. Press. Stitch to sides of quilt center, adjusting seam allowances as necessary.
6. Stitch S rectangles together, short end to short end, in two sets of nine rectangles each. Join a cornerstone unit to each end of both S borders. Stitch borders to top and bottom of quilt center, adjusting seam allowances as necessary.
7. Stitch O border strips to sides of quilt center and P border strips to top and bottom to complete the quilt top. Press.
8. Layer, baste, quilt as desired and bind referring to Quilting Basics. **QW**

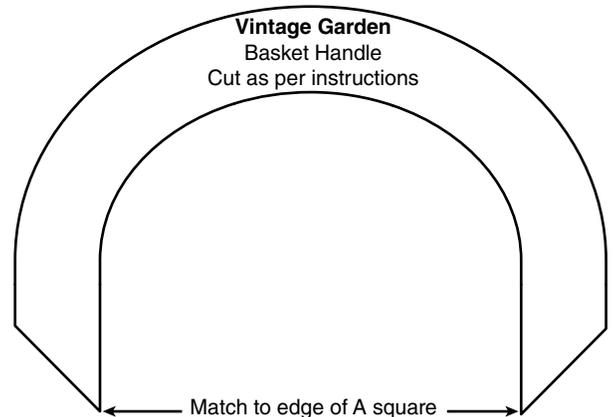

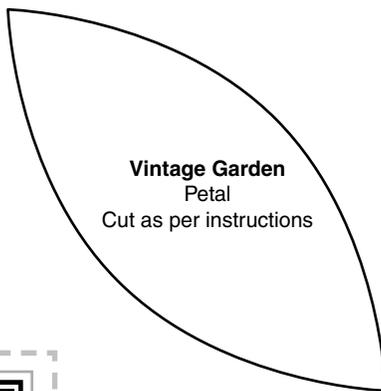

## Here's a Tip

I used an appliqué pressing sheet and a full-size (7" square) copy of the Appliqué Layout Diagram to position the flowers before I actually fused them to the blocks. These sheets are really helpful when doing fusible web appliqué with lots of pieces—no slipping and sliding. I don't use the sheet often but am really glad I had one for this project!
